

ATHI SHREE V

Active Directory & Microsoft Entra ID (Azure AD) Administrator | Identity & Access Management (IAM)

Chennai, India | +91 63795 44624 | vathishree@gmail.com | linkedin.com/in/athishree-venkat-845660190

PROFESSIONAL SUMMARY

Active Directory and Microsoft Entra ID (Azure AD) Administrator with 3.8 years of experience in enterprise Identity and Access Management (IAM) for global banking and life-sciences clients, supporting 10,000+ users and 50+ Domain Controllers. L2/L3 expertise in AD DS, AD replication, Group Policy (GPO), DNS, DHCP and LDAP, plus hybrid identity with Microsoft Entra Connect, SAML SSO, MFA, Conditional Access and RBAC. SC-300 certified; uses PowerShell, ServiceNow and Splunk to deliver secure, well-controlled incident and change management.

SKILLS

Identity & Directory: Active Directory (AD DS), Entra ID (Azure AD), Domain Controllers, AD Sites and Services, AD Replication, LDAP, OUs, Security & Distribution Groups, Service Accounts, Delegation, ACLs, SPN/Kerberos

Access & Security: IAM, Multi-Factor Authentication (MFA), Conditional Access, SAML, Single Sign-On (SSO), RBAC, Enterprise Applications, Group-Based Licensing, Sign-in & Audit Logs, Least Privilege

Hybrid & Cloud: Microsoft Entra Connect (Azure AD Connect), Hybrid Identity, Microsoft 365, Exchange Online, Azure

Windows Infrastructure: DNS (Zones, Records, Conditional Forwarders, Zone Transfers), DHCP (Scopes, Reservations, Failover), Group Policy (GPO), File Share & NTFS Permissions

Tools & Platforms: ServiceNow, Splunk, New Relic, PagerDuty, SailPoint, Quest Change Auditor, Citrix, PowerShell

IT Operations: Incident & Change Management, Patching, DR, Root Cause Analysis, L2/L3 Troubleshooting

PROFESSIONAL EXPERIENCE

Active Directory Administrator

Dec 2022 – Present

Cognizant Technology Solutions | Associate | Chennai, India

Client: Synchrony Bank | L3 Active Directory Administrator

Current Project

- Deliver L3 Active Directory administration for 10,000+ users, resolving identity and access escalations.
- Manage health, replication and authentication across 50+ Domain Controllers and core AD DS services.
- Administer Group Policy (GPO): troubleshoot, validate and optimize policy application and security settings.
- Maintain AD Sites and Services, subnets and replication topology for reliable connectivity across locations.
- Troubleshoot LDAP authentication, ACLs, delegation, service accounts and SPN / Kerberos access issues.
- Support Microsoft Entra ID enterprise application access, Conditional Access policies and RBAC roles.
- Handle incident and change activities for security access requests, from validation to closure.

Client: Gilead Sciences | L2 Active Directory Administrator

Previous Project

- Provisioned AD user/service accounts, security and distribution groups, OUs and delegated access.
- Administered Domain Controllers, DNS integration and AD replication; resolved authentication and replication issues.
- Created, maintained and troubleshoot Group Policy Objects (GPOs) to enforce security standards.
- Managed Microsoft Entra ID users and groups; implemented MFA, Conditional Access and group-based licensing.
- Configured SAML SSO and Microsoft Entra Connect for hybrid identity; reviewed audit and sign-in logs.
- Ran DNS and DHCP operations (records, forwarders, zone transfers, scopes, reservations, failover).
- Managed file-share and RBAC permissions and Exchange Online mailboxes, access and mail flow.

CERTIFICATIONS

- Microsoft Certified: Identity and Access Administrator Associate (SC-300)
- Microsoft Certified: Azure Data Fundamentals (DP-900)

EDUCATION

B.E., Computer Science and Engineering | Sri Venkateswara College of Engineering | CGPA: 9.23 / 10

2018 – 2022

Higher Secondary (HSLC) | Holy Cross Anglo Indian Higher Secondary School | Score: 86%

2016 – 2018

ACHIEVEMENTS

- Top ticket-closure contributor in the core IT support team for fast, effective issue resolution.
- Received the Women Rising Star special mention for ticket resolution and team collaboration.
- Collaborated with automation teams to streamline recurring service requests and improve efficiency.
- Trained and mentored new IT support hires on technical procedures and support workflows.
